**PRODUCT OVERVIEW** 

SCAN OR CLICK HERE

#### **FEATURES**

- Offers fully customizable light output with built-in CCT selection (3500K, 4000K, 5000K) and a broad range of lens and reflector options — including frosted acrylic diffusers and aluminum reflectors - to match any visual or performance requirement.
- · Enhance visual comfort with frosted lenses or frosted diffusers for glare reduction.
- · Withstands harsh environments with IP65-rated, IK10 impactresistant construction and durable powder coat finish.
- Ensures energy efficiency and compatibility with 0-10V dimming, universal voltage (120-277V), and high voltage options (277-480V).
- · Simplifies installation with versatile mounting options, including hook, pendant, surface, and cable mounts.
- Provides reliable performance with advanced thermal management, surge protection, and Title 20-compliant emergency options.

#### CERTIFICATIONS

#### **SPECIFICATIONS**

#### CONSTRUCTION

The RB5 High Bay features a cold forged die-cast aluminum housing available in 2 different sizes for a fully scalable solution. The fully gasketed housing is IP65 rated for whole luminaire ingress protection against moisture and environmental contaminants. The RB5 is protected with a durable White or Black polyester powder coat finish to withstand extreme weather changes without cracking or peeling. Salt Spray tested for 500 hrs.

### FLECTRICAL

Class 1 High-performance drivers features over-voltage, under-voltage, short circuit and over temperature protection. 0-10V dimming (10% - 100%) standard with sensor option. Standard Universal Voltage (120277 Vac) Input 50/60 Hz or optional High Voltage (277-480 Vac). L70 >100,000 hrs. in accordance with IESNA TM-21-19 projected values at 25°C Ambient temperature. Total harmonic distortion: <20%. Power factor: >0.90. Input power stays constant over life. Minimum 6kV surge rating meets a minimum Category C Low operation (per ANSI/IEEE C62.41.2). Battery backup provides 90 minutes of constant power to the LED system, ensuring code compliance. All EM options are UL924 listed, Self Diagnostic, and Title 20 Compliant. 6ft 3-Wire Power Cord & 3ft 2-wire 0-10V Dimming cord are included with alternate lengths and plugs available. Cords match paint finish.

Options include hook (std), suspension aircraft cables (HB5/HB10), 1/2" single pendant (Requires PEN (3/4") or FMB (Recommend PEN as alternate for general pendant Mount; FMB for Flex conduit wiring) options option or power cables will run outside pendant conduit, MUST ORDER WITH CORD LONG ENOUGH FOR PENDANT LENGTH), and surface mount (SMB). Safety hook with 2' galvanized safety cable standard.

#### **OPTICS**

All models come standard in 5000K, 4000K, and 3500K field selectable color temperatures per ANSI C78.377. Minimum CRI of 80. Provided standard with an IK10 impact rated primary clear polycarbonate lens. Optional frosted polycarbonate lens available for added LED glare reduction. Optional 16" or 22" frosted acrylic diffusers & 16" or 22" aluminum reflector available. 16" or 22" frosted conical lens options for added diffusion.

The RB5 features an array of High-efficacy LED's mounted on a metal core circuit board. The LED boards are mounted directly to the cast aluminum housing with heat dissipating fins to provide excellent thermal performance extending the life of electronic components. See ambient temperature table for more information.

#### **CONTROLS**

Optional center mounted field installable sensors provide a clean appearance and ensure a balanced fixture. Sensor Plug & Plays via 3.5MM jack and is programmable. For more information see controls section.

### CERTIFICATIONS

ETL Listed for wet locations. Tested in accordance with IESNA LM-79 and LM-80 standards. RoHS Compliant. Title 24 Compliant; see local ordinance for qualification information. IP65 rated Luminaire per IEC 60598. ASTM B117 Salt Spray Tested 500 Hrs. NSF Rated. IK10 Impact Rating (Primary lens).

#### WARRANTY

5 Year Warranty Standard; 10 Year Warranty Optional (Terms and Conditions apply).

#### **BASIC**

#### +UHBS-3.5MM-KIT & +UHBMS -Universal High Bay Sensor for 3.5mm Jack

Plug n play Universal Highbay Sensor provides multi-level control based on motion and/or daylight contribution. Remote control allows for modifications of Detection zone, Time settings, Sensitivity, Daylight, and Dimming levels.

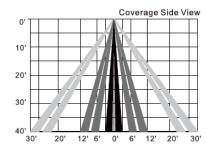

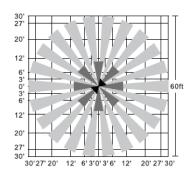

### +UHBS-RC - Universal High Bay **Sensor Remote Control**

Sensor	Mounting Height	Ambient Temp Range
UHBMS	40'	-20°C to +50°C (-4°F to 122°F)
UHBS	40'	-20°C to +50°C (-4°F to 122°F)

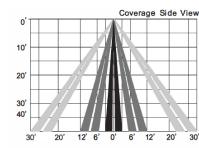

#### **UHBS**

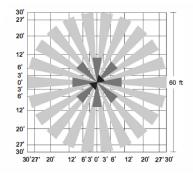

Warm up time is 40 seconds. After the sensor connects input power first time, the light will keep on 40 seconds, then go to dimming to work normally. Factory Default Setting: 100% sensitivity, Hold on time: 5 minutes, Daylight sensor is \*\*, Dimming level: 30%, Dimming time: 60 minutes.

#### **UHBMS**

Factory Default Setting: 100% sensitivity. Hold on time: 5min, Daylight sensor is ON, Dimming level: 30% Dimming time: 60 minutes.

#### **ADVANCED**

### **NUROAir by ILLUMUS**

NUROAir Plug n Play Bluetooth Sensor is the optimal groupable controls lighting solution. With main features such as Plug and Play, PIR Motion Sensing, Occupancy/Vacancy and Daylight Harvesting (WHT) - this flexibility makes the NUROAir Plug n Play Sensor ideal for tailoring lighting to specific space needs, optimizing both ambiance and efficiency. The NUROAir App, available for download on iOS and Google Play Store, offers a user-friendly interface for automatic or manual customization of your space. Through the app, users can configure sensor settings such as the Light Output, CCT, Hold Time, Standby Time/Level, High/Low End Trim, Background Light Level, Set Schedules, and Control Lighting Groups or Zones, all from a mobile or tablet device. Manual control is also available with a range of compatible wireless & wired wall switch options.

POWERED BY ILLUMUS, BRANDS
