

viewpoint FLOOD SERIES

LARGE, X-LARGE

407-478-3759
www.ilp-inc.com

FEATURES

- Low profile die-cast aluminum housings available in 5 sizes
- Bronze polyester powder coat finish (std.)
- Custom and factory select colors available¹
- Fully adjustable NEMA 7x6 distribution or Optional NEMA 5x5
- Adjustable Trunnion, Slip fitter, Wall Mount, Surface Conduit, and Pole Mounting Options
- 4000K & 5000K CCTs
- 4-Level Field Adjustable Output (FAO) allows individual luminaire lumen output control
- Embedded Electronic photocell with override switch (std.)
- 120-277V Universal Voltage or 277V-480V High Voltage
- 0-10V Dimmable Driver (std.)
- 6kV Surge protection (std.)
- 3' 600V power cord(s) provided standard with 5 conductors for 0-10V dimming (10-100%)
- Calculated L70 >100,000 hrs @ 25°C per TM-21-11
- IP66 Rated Luminaire
- 5 Year Warranty or optional 10 Year Extended Warranty
- ETL Listed for Wet Locations, suitable for ground mounting
- DesignLights Consortium® Premium Qualified Luminaire

¹Contact factory for pricing and availability

SUITABLE APPLICATIONS

- Parking Lots
- General Area Lighting
- Buildings
- Loading Docks

* EPA Ratings listed assume fixture is mounted horizontally. For adjustable mounting options, EPA will vary with selected angle.

SPECIFICATIONS

CONSTRUCTION

The Value Flood Series features a slim profile die-cast aluminum housing available in 5 different sizes for a fully scalable solution. The low-profile die-cast aluminum housings are provided with a durable bronze polyester powder coat finish tailored to withstand extreme weather changes without cracking or peeling (Optional ILP White (WHT), Black (BLK), or Silver (SLV) wet paint finishes available; Consult factory for alternate finishes). The driver cover seals to the housing with a one-piece silicone gaskets creating an IP66 rating for maximum ingress protection. Salt Spray tested for 500 hrs.

OPTICS

The IP66 silicone gasket sealed optical chamber utilizes UV stabilized polycarbonate refractive optics to provide exceptional coverage in NEMA Types 7Hx6V (std.) or optional 5Hx5V. CCT selectable via an integral. Available in 5000K or 4000K color temperatures per ANSI C78.377. Consult factory for availability of alternate CCTs. Minimum CRI of 70. Optional visor accessory is available for additional cut-off.

ELECTRICAL

High-performance driver features over-voltage, under-voltage, short circuit and over temperature protection. 0-10V dimming 10% - 100% standard. Standard Universal Voltage (120-277 Vac) Input 50/60 Hz or optional High Voltage 277-480 Vac. L70 >100,000 hrs. in accordance of IESNA TM-21-11 Projected values at 25°C Ambient temperature. Total harmonic distortion: 0.90. Input power stays constant over life. Minimum 6kV surge rating VFC-2L 2.5kV meets a minimum Category C Low operation per ANSI/IEEE C62.41.2. Additional protection is available in 10kV and 20kV options. Integral Field Adjustable Output (FAO) device allows for easy tuning of luminaire light levels for individual site conditions 70%, 80%, 90%, 100%.

THERMAL

The Value Flood Series features an array of High-efficacy midpower LED's on a metal core board. The LED board is mounted directly to a cast aluminum housing with heat dissipating fins to provide excellent thermal performance extending the life of electronic components. Operating Ambient Temperature: -40°C to +50°C (-40°F to 122°F); 30L is rated to +45°C (113°F).

INSTALLATION

The versatile Value Flood Series comes with 4 optional housing dependent mounting methods. A fully adjustable Trunnion (TRN), Adjustable Slip fitter (SLPF) to mount to any vertical or horizontal tenon 2" pipe (2-3/8" OD), adjustable wall mount bracket (WMB), Adjustable Surface Conduit Box (SMB) or adjustable pole mounting bracket (PMB), see table on page 2 for mounting, compatibility and vibration ratings. 3' 600V power cord(s) provided standard with 5 conductors for 0-10V dimming (10-100%).

CONTROLS

Factory installed 3-Pin & 7-Pin ANSI C136.41 Control Receptacle Options available. Twist lock photocells sold separately (See accessories).

WARRANTY

5 Year Warranty (Terms and Conditions apply). See Website for more details. <https://www.ilp-inc.com/documents/>

CERTIFICATIONS

ETL Listed for wet locations, suitable for ground mounting. Tested in accordance with IESNA LM-79 and LM-80 standards. IP66 rated Luminaire per IEC 60598. DesignLights Consortium® (DLC) Premium qualified product. Not all versions of this product may be DLC Premium qualified. Please check the DLC Qualified Products List at www.designlights.org/QPL to confirm which versions are qualified.

MOUNTING OPTIONS

TRN - Trunnion/Yoke Mount

SLPF - 2-3/8" Slip Fitter

PMB - Pole Mount Bracket
3 - 6" Square Poles
4 - 5" Round Poles

ADDITIONAL FEATURES

Optional Twist Lock NEMA 3-PIN Photocontrol Receptacle

Lumen, & Photocell Quick Access Switches

Integrated Photocell

WMB - Adjustable Wall Mount Bracket

SMB - Surface Conduit Box
