# WTZ SERIES

Narrow Linear Vapor Tight

WTZ SERIES

WTZ Series is an industry leading vapor tight luminaire robustly designed for a wide variety of environments. Its sealed and gasketed NSF listed fiberglass enclosure is easy to service and clean, ideal for maintaining a safe environment for food and beverage processing. With an enhanced feature set including industry leading ambient operating temperatures, extremely high efficiency, three scalable fixture lengths, wide lumen range, various high impact lens options and multiple mounting options make the WTZ Series the absolute luminaire for any vapor tight application.

Suitable Applications

- Coolers & Freezers
- Food & Beverage Prep
- Pharmaceutical
- Healthcare
- Greenhouse
- Education
- Industrial
- Parking Garage

Features

- 2ft, 4ft & 8ft Lengths

- Extremely High Efficacy Up to 156 lm/W

- 2,000 to 24,000 Lumen Range

- Calculated L$_{70}$ > 100,000 hrs

- Industry Leading Max Ambient up to 131°F

- Five Impact Resistant Lens Options

Fiberglass Housing Attributes:
- F1 Weatherability Rating
- 5VA Flame Rating
- IP65, IP66 & IP67 Ratings
- NEMA 4X
- NSF Listed

- Surface, Pendant, Wall & Suspended Mounting

- Polycarbonate & Stainless Steel Latch Options

Factory Installed Options

- -40°F Cold Temperature Driver
- Emergency Battery Backups
  - 7W to 12W Output
  - -4°F Cold Temp Operation
  - CEC Title 20 Compliant Options
- Generator Transfer Device
- 347V & 480V
- 10kV Surge Protector
- Stainless Steel Latches
- Tamper Proof Screws
- Threaded HUBs for Side Power Entry
- Cords
- Five Impact Resistant Lens Options
  - Ribbed Frosted Acrylic Std. (RAFL)
  - Shallow Clear Acrylic (SACL)
  - Shallow Frosted Acrylic (SAFL)
  - Shallow Clear Polycarbonate (SPCL)
  - Shallow Frosted Polycarbonate (SPFL)

Controls Options

Advanced

- Economical Grouping Solution
- Occupancy & Daylight Functions
- Programmable with phone app
- Wireless Scalable Design
- No Gateway Required
